

REGISTERED (CHARTERED) PROFESSIONAL ENGINEERS

CONTINUING EDUCATION (CEU AND PDH) CREDITS AVAILABLE AT I2MTC 2013

Minneapolis, MN, May 6-9, 2013

Registered or chartered professional engineers (P.E., P.Eng, and similar) attending the 2013 International Instrumentation and Measurement Conference (I2MTC) may receive formal Continuing Education Units (CEU) or Professional Development Hours (PDH) to satisfy continuing education requirements.

Tutorial and conference participants may arrange for IEEE-issued CEU/PDH credits by these simple steps:

REGISTRATION:

Register in advance for the CEU/PDH credit for tutorial and conference participation and pay an \$18 fee (required by IEEE for their costs). If you decide at the conference, you may add this to your registration by visiting the Registration Desk.

DURING THE CONFERENCE:

Track your hours in tutorials or conference sessions. This information can be entered on the appropriate spreadsheet obtained the registration desk.

AT END OF THE CONFERENCE:

Complete a single evaluation sheet (available at registration desk) and turn in at the registration desk before you leave. The evaluation sheet with your signature is needed by IEEE for audit purposes. All evaluation sheets will be collected and forwarded to IEEE by Conference Catalysts.

AFTER THE CONFERENCE:

IEEE will e-mail CEU/PDH credits directly to the participant as a PDF file using the e-mail address you provide at registration (legibility is important).
